

Contract No. 288-25

INTERAGENCY AGREEMENT (IAA)

BETWEEN

THE STATE OF WASHINGTON, DEPARTMENT OF ECOLOGY

AND

CITY OF RICHLAND (HANFORD COMMUNITIES)

THIS INTERAGENCY AGREEMENT (“Agreement” or “IAA”) is made and entered into by and between the state of Washington, Department of Ecology, hereinafter referred to as “**ECOLOGY**,” and the City of Richland hereinafter referred to as the “**HANFORD COMMUNITIES**” and “**CONTRACTOR**,” pursuant to the authority granted by Chapter [39.34](#) of the Revised Code Washington, Interlocal Cooperation Act.

THE PURPOSE OF THIS AGREEMENT is for HANFORD COMMUNITIES to continue work started under ECOLOGY Contract No. C9900100, to help ECOLOGY meet its goal to support and engage the entities that comprise the Hanford Communities. The Hanford clean-up effort began over 30 years ago, and is expected to continue for at least another 50 years. During this long project, public support and involvement remains critical, both to ensure that the clean-up remains responsive to public needs and expectations, and to ensure continued political support for the significant federal funding required to do the work. The local communities – citizens, governments, and businesses – are most directly affected and potentially most influential on both public cleanup oversight and advocacy for adequate funding.

WHEREAS, ECOLOGY has legal authority (RCW 70A.300 Hazardous Waste Management Act) and the City of Richland has legal authority (RCW 35.21.010 and pursuant to the Hanford Communities Interlocal Agreement (Richland Contract No. 22-94) that allows each party to undertake the actions in this agreement.

THEREFORE, IT IS MUTUALLY AGREED THAT:

1. SCOPE OF WORK

HANFORD COMMUNITIES shall furnish the necessary personnel, equipment, material and/or service(s) and otherwise do all things necessary for or incidental to the performance of the work set forth in Appendix A, *Statement of Work and Budget*, attached hereto and incorporated herein.

2. PERIOD OF PERFORMANCE

The period of performance of this IAA will commence on **July 1, 2025**, and be completed by **June 30, 2026**, unless the Agreement is terminated sooner as provided herein. Amendments extending the period of performance, if any, shall be at the sole discretion of ECOLOGY.

3. COMPENSATION

Compensation for the work provided in accordance with this IAA has been established under the terms of RCW 39.34.130 and RCW 39.26.180(3). This is a performance-based agreement, under which payment is based on the successful completion of expected deliverables.

The source of funds for this IAA is **Mixed Waste Fee**. Both parties agree to comply with all applicable rules and regulations associated with these funds.

The parties have determined that the cost of accomplishing the work identified herein will not exceed one hundred thousand dollars (\$100,000.00), including any indirect charges. Payment for satisfactory performance of the work shall not exceed this amount unless the parties mutually agree via an amendment to a higher amount. Compensation for services shall be based on the terms and tasks set forth in Appendix A, *Statement of Work and Budget*. ECOLOGY will not make payment until it has reviewed and accepted the work.

ECOLOGY may, at its sole discretion, terminate or suspend this Contract, or withhold payments claimed by the CONTRACTOR for services rendered, if the CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.

4. BILLING AND PAYMENT PROCEDURE

Payment requests shall be submitted on state form, Invoice Voucher A19-1A. Invoice voucher shall reference the Agreement (IAA) number and clearly identify those items that relate to performance under this Agreement. The determination of the Dispute Board shall be final and binding on the parties hereto, unless restricted by law. The cost of resolution will be borne by each party paying its own cost. As an alternative to this process, if state agencies, either of the parties may request intervention by the Governor, as provided by RCW 43.17.330, in which event the Governor's process will control. The parties may mutually agree to a different dispute resolution process.

10. FUNDING AVAILABILITY

ECOLOGY's ability to make payments is contingent on availability of funding. In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to completion or expiration date of this Agreement, ECOLOGY, at its sole discretion, may elect to terminate the Agreement, in whole or part, for convenience or to renegotiate the Agreement subject to new funding limitations and conditions. ECOLOGY may also elect to suspend performance of the Agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification restrictions, although ECOLOGY will make a reasonable attempt to provide notice.

These materials shall be subject to inspection, review, or audit by personnel of both parties, other personnel duly authorized by either party, the Office of the State Auditor, and federal officials so authorized by law. ECOLOGY and HANFORD COMMUNITIES initiated work under Contract C9900100 in 1999. Contracts have been continued every year. HANFORD COMMUNITIES has a unique role and a credible voice to generate local awareness and involvement in Hanford cleanup efforts. This Agreement ensures that it has sufficient funding to continue with its work to inform and generate local public involvement in the Hanford cleanup.

- 1) A Quarterly status report is required to document status and completion of planned work.
- 2) Monthly meetings will be conducted between Ecology's Nuclear Waste Program communications manager and the Hanford Communities Executive Director to discuss emerging contract issues, and to document any workload adjustments through the contract term.

Task 1:

Enhance, maintain, and update “hanfordcommunities.org” website and social media platforms. Work to maintain a more dynamic presence, reflecting new developments and changing circumstances relating to Hanford. Promote the website on social media. Build audiences on all utilized platforms, including strategic use of boosted/paid posts.

Quarterly: Provide website analytics to show changes – growth and areas for improvement. Provide analytics to track social media engagement. These analytics are part of the quarterly status report. Provide updates on major additions or revisions made to website.

Task 2

Publish at least three Hanford Communities email distributions annually .

- Quarterly: Report number of digital distributions; number of recipients per digital distribution.

Task 3

Support Ecology public involvement, outreach, and education efforts, including:

- Coordinate at least one “town hall” or similar event annually with elected officials, Hanford Communities Board, and Ecology management. Develop agenda in collaboration with Ecology on mutually agreed upon topics. Event can include all Tri-Party Agreement agencies, or just Ecology.
- When developing informational public materials, create or share content that highlights Ecology's role and ongoing work in Hanford cleanup.
- Seek opportunities for Ecology leadership and/or communications staff to present/discuss Nuclear Waste Program work and Hanford issues with community organizations and elected officials. Opportunities should ideally be provided with 3-4 weeks advance notice.

Work to incorporate and/or maintain the following principles in ongoing communications:

- Strive to incorporate environmental justice considerations into communications and better reach historically overburdened and underserved communities that have been impacted or may be impacted by Hanford.
- Maintain website with updated and relevant information.
- Share information about public meetings, comment periods, and other public engagement opportunities on website, social media platforms, and with newsletter recipients.
- Create content that is relatively brief, easily digestible, and shareable.
- Ensure content released on the website, social media channels, and in newsletters meets accessibility standards to include alternative text, captioning, language access considerations, and follows writing for the web and/or plain talk principles.
- Seek opportunities for interviews on local radio stations and potentially establish reoccurring updates or appearances.
- Seek opportunities to build relationships with established and credible online news sources (web series, podcasts, etc.) and coordinate interviews and appearances when possible.

Quarterly: Report on activities – activities and achievements covered in this list.
