

## **BOARD OF ADJUSTMENT** **STAFF REPORT**

File Number: PLN-T2-2025-00016  
Prepared By: Ryan Nelson, Planner

Meeting Date: August 21, 2025

### **General Information**

Applicant: KT's Construction Services LLC

Property

Owner: Michael Ferry

Location: 323 Seaside Court, Richland, WA 99354

Parcel #: 126084060001035

Request: Major Variance to RMC Chapter 23.18.040 – To allow for the construction of a full handicap bathroom addition to the existing home.

Zoning: R-1-10 (Single-Family Residential – 10,000)

Legal

Description: Clipper Ridge No. 2: Block 1 Lot 35

Adjacent	<i>North:</i>	One-Family Detached Dwellings
Uses:	<i>East:</i>	One-Family Detached Dwellings
	<i>South:</i>	One-Family Detached Dwellings
	<i>West:</i>	One-Family Detached Dwellings

### **Reason for Request**

The applicant is requesting a variance to construct a 5-foot by 14-foot handicap bathroom to the rear of the existing home. The addition would encroach into the minimum twenty-five (25) foot rear yard setback for the R-1-10 zoning district, as stated in the Richland Municipal Code (RMC) Chapter 23.18.040 by approximately five (5) feet resulting in a proposed rear yard setback of twenty (20) feet.

## **Applicable Richland Municipal Code Review**

### *RMC Chapter 23.18 – Residential Zoning Districts*

#### 23.18.040 – Site requirements for residential use districts

<b>Standard</b>	<b>R-1-10</b>
Minimum Front Yard Setback <sup>3</sup>	20 feet
Minimum Side Yard Setback	10 feet
Minimum Alley/Private Access Easement Setback	6 feet
Minimum Rear Yard Setback	25 feet
Maximum Lot Coverage <sup>8</sup>	40%
Maximum Building Height – Main Building	30 feet

3. Front yard setbacks are required from all street rights-of-way adjoining a lot

8. Lot coverage includes all buildings, including accessory buildings or structures on any lot in a residential district, exclusive of patios without roof coverings or patios with only open lattice or similar type roof construction.

## **Site Description**

The site, 323 Seaside Court, is located north of Spengler Street, east of George Washington Way, and west of Davison Ave. According to the City's internal GIS, the site is approximately 5,600 square feet in size, which consists of a one-family detached dwelling. The parcel is relatively flat and is generally rectangular shaped with the northern property line being askew due to the narrowing and widening of Seaside Court. Parcels within the immediate vicinity are similarly sized and contain one-family detached dwellings.

## **Staff Analysis**

The submitted site plan shows the exact location of the proposed bathroom addition, which will be approximately twenty (20) feet from the rear property line. The minimum rear yard setback for attached home additions within the R-1-10 zoning district is twenty-five (25) feet and the addition will encroach five (5) feet into the described minimum setback.

Any encroachment into the minimum setback, which is more than ten (10) percent, requires an application for a Major Variance.

## **Public Notice**

Application Date:	May 22, 2025
Notice of Application & Hearing Mailed:	July 28, 2025
Notice of Application & Hearing Posted:	July 28, 2025
Public Hearing Date:	August 21, 2025

A combined Notice of Application & Hearing was provided through posting of the property, mailing of notice to property owners within 100 feet of the site, publication in the *Tri-City Herald* and posting on the City's website.

## **Agency & Public Comments**

To date, staff has not received any comments of concern regarding the proposed project from the public or any agencies. Agency comments can be found in Exhibit 4.

## **Staff Findings**

The following are Staff's findings relative to the requirement for the granting of a variance as set forth in RMC Sections 23.70.110 – Applications and RMC 23.70.140 – Findings.

1. ***That special conditions and circumstances exist which are peculiar to the subject property and not applicable to other lands, structures, or buildings in the same zoning district.***

Applicant Response: The only area to put the bathroom addition is behind the house in order to make a reasonable transition from the existing master bedroom/bathroom addition and to keep handicap accessibility. We would need to build within 20ft of the rear property line. I have spoken with the neighbors beside us and they are supportive of this plan. There are no neighbors behind the property.

Staff Analysis: There are special conditions or circumstances which are peculiar to this property, as the lot size is below the minimum for the R-1-10 zoning district. The minimum lot size for the R-1-10 zoning district has an 8,000 square feet minimum for a one-family detached dwelling and according to the City's internal GIS, the existing lot size is approximately 5,588 square feet, which is well below the current minimum of 8,000 square feet, as described in RMC Chapter 23.18.040.

2. ***That literal interpretation of this title would deprive the applicant of rights commonly enjoyed by other properties in the district.***

Applicant Response: The variance is needed to provide a bathroom/master bedroom addition/ remodel on the ground floor.

Staff Analysis: The literal interpretation of this title (Title 23) would deprive the applicant of rights commonly enjoyed by others within the same zoning district, as there is insufficient room in the front and the side yards of the property to construct the proposed request.

3. ***That the special conditions and circumstances do not result from actions of the applicant.***

Applicant Response: No, the special conditions are not caused by the homeowner as they have the medical condition ALS, which requires him to have a complete ADA bathroom.

Staff Analysis: According to City of Richland records, the existing home was built in 1976 and is part of the Clipper Ridge subdivision. Since the existing home was built, there has only been one permit issued for this address and it was for the installation of a six (6) foot block wall in the rear yard. No other remodels and/or additions have been made or permitted for this location since the house was originally constructed.

4. ***That granting the variance will not confer a special privilege to the applicant that is denied others in the same use district.***

Applicant Response: This variance will only provide the ability for the homeowner to live in his home as his ALS disease progresses and he becomes paralyzed. He will require a body lift and wheelchair.

Staff Analysis: Granting the variance will not confer a special privilege to the applicant as the proposed addition cannot be built in any other location on this property.

## **Conclusion**

Staff supports the proposed bathroom addition as the application meets all the requirements for a Major Variance request.

## **Suggested Conclusions of Law**

1. The Board of Adjustment has jurisdiction to hold a public hearing and issue a decision for the proposed Zoning Variance.
2. The proposed variance for a bathroom addition is consistent with the goals and policies of the City's Comprehensive Plan.
3. The Board of Adjustment is able to grant the proposed variance request for the addition as the requested variance is the minimum necessary to make reasonable use of the property and is consistent with the general purpose and intent of the Code.
4. Literal interpretation of the ordinance would deny the applicant of rights commonly enjoyed by other properties in the district.

## **Suggested Finding of Fact**

1. The contractor, KT's Construction Services LLC, on behalf of the property owner, Micheal Ferry, has applied for a Major Variance, to allow for a reduced rear yard setback, within the R-1-10 zoning district, from the stated twenty-five (25) feet down to twenty (20) feet.
2. The subject property is located at 323 Seaside Court.
3. The subject site is bordered by other residential uses.
4. The subject site is approximately 5,600 square feet in size.
5. The lot is generally shaped as a rectangle, with the northern portion of the lot being slightly askew due to Seaside Court being wider towards the east and narrower to the west (closest to Schooner Drive).

6. The subject site currently has an existing one-family detached dwelling and a block wall at the southern end of the property.
7. Richland Municipal Code Chapter 23.18.040 imposes a twenty-five (25) foot minimum rear yard setback for primary structures within the R-1-10 zoning district.
8. Pursuant to RMC 23.70.060 the Board of Adjustment is the authorized review body for Major Variance review proceedings.
9. The site is designated as Low-Density Residential by the City's Comprehensive Plan.
10. The site is not located within the jurisdiction of the City's Shoreline Master Program, nor does it contain any critical areas regulated by RMC 22.10.
11. All public notification requirements have been met.
12. No comments of concern from public agencies were received during the comment period.
13. No comments from the public were received during the comment period.
14. Requirements for granting variances are set forth in Richland Municipal Code (RMC) Sections 23.70.110 – Applications and 23.70.140 – Findings.
15. The requested variance is the minimum necessary to continue reasonable use of the property.
16. Literal interpretation of the ordinance does deny the applicant rights commonly enjoyed by other properties in the district.

### **Recommended Motion**

Staff recommends that the Board of Adjustment concur with the Findings and Conclusions set forth in the staff report and **APPROVE** the variance to RMC 23.18.040, authorizing the construction of the requested 5' x 14' ADA bathroom addition.

## Plan Snapshot Report

<b>Plan Type:</b> Type 2	<b>Plan #:</b> PLN-T2-2025-00016	<b>App Date:</b> 05/22/2025
<b>Work Class:</b> T2 - Major Variance	<b>District:</b> City of Richland	<b>Exp Date:</b> 09/19/2025
<b>Status:</b> In Review		<b>Completed:</b> NOT COMPLETED

**Description:** Variance is for a 5ftx14ft addition to the rear of the home. This will allow for a full handicap bathroom remodel/addition which will enable the homeowner with ALS to remain in his home with his family. At this point the rear set back of 25ft does not allow for the 5ft addition. We are requesting this 5ftx14ft be allowed to be added to the back of the home.

**Approval

### Plan Custom Fields

What unusual conditions exist on your property.	The only area to put the bathroom addition is behind the house in order to make a reasonable transition from the existing master bedroom/bathroom addition and to keep handicap accessibility. We would need to build within 20ft of the rear property line. I have spoken with the neighbors beside us and they are supportive of this plan. There are no neighbors behind the property.	Were these conditions caused directly by you.	No, the special conditions are caused by the homeowner having the medical condition ALS, which requires him to have a complete ADA bathroom.	How does code deprive you rights enjoyed by others	The variance is needed to provide a bathroom/master bedroom addition/ remodel on the ground floor.
Does this variance create a special privilege.	This variance will only provide the ability for the homeowner to live in his home as his ALS disease progresses and he becomes paralyzed. He will require a body lift and wheelchair.	Other considerations.	Homeowner purchased the home at 323 Seaside Ct. in 1985 they have lived in the home 40 years. At the time of the purchase their age and health did not raise a concern for the size of the bathrooms. As they have aged and with Michael Ferry's illness it will require an addition on the master bedroom/bathroom for him to be able to live in his home during his fight with ALS and be able to be cared for by his family and healthcare professionals. With the existing HOA agreements		and the location of the house, there is no other place for us to place the addition to accommodate the homeowners needs. This lot is a corner lot, with the street entrance on the west end there is no possible way to add onto this area of the house. The garage and front entry are on the main seaside ct. street so there is no possible way to add onto this and allow ADA accessibility to the rest of the house. The east side between the existing homes there is no area to add 5ft and not be

## CITY OF RICHLAND NOTICE OF APPLICATION AND PUBLIC HEARING (PLN-T2-2025-00016)

**Notice** is hereby given that KT's Construction Services, on behalf of the property owner, Micheal Ferry, has applied for a major variance, requesting to construct a 5' x 14' addition to the rear of the existing home. The variance, as proposed, would encroach into the minimum twenty-five (25) foot rear yard setback for the single-family residential – 10,000 (R-1-10) zoning district. Additional information can be found on this webpage: <https://www.ci.richland.wa.us/departments/development-services/planning/land-use>.

**Project Site:** The project site is located at 323 Seaside Court (APN 126084060001035).

**Public Hearing:** The Richland Board of Adjustment will conduct a public hearing and review of the application at 6:00 p.m., Thursday, August 21, 2025, at City Hall, 625 Swift Boulevard. All interested parties are invited to participate in the public hearing.

**Environmental Review:** The proposal is not subject to environmental review.

**Public Comment:** Any person desiring to express their views or to be notified of any decisions pertaining to this application should notify Ryan Nelson, Planner, 625 Swift Boulevard, MS-35, Richland, WA 99352. Comments may be emailed to [planning@ci.richland.wa.us](mailto:planning@ci.richland.wa.us).

**Comment Period Begins:** July 27, 2025  
**Comment Period Ends:** August 20, 2025 @ 5:00pm

Written comments must be received no later than 5:00 p.m. on Wednesday, August 13th, 2025, to be incorporated into the staff report. Comments received after that time will be entered into the record during the hearing.

**Appeal:** The application will be reviewed in accordance with the regulations in RMC Title 23 Zoning and Title 19 Development Regulations Administration. Appeal procedures of decisions related to the above referenced applications are set forth in RMC Chapter 19.70. Contact the Richland Planning Division at the above referenced address with questions related to the available appeal process.

**Subject:** Major Variance Request for 323 Seaside Ct

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

KT's Construction Services, on behalf of the property owner, Michael Ferry, has submitted an application to the City of Richland for a Major Variance to seek a reduced rear yard setback from twenty-five (25) feet, as required in RMC Chapter 23.18.040, to twenty (20) feet for the construction of 5' x 14' addition to the rear of the existing home. The project site is located at 323 Seaside Ct, Richland, WA. The zoning for the site is R-1-10, low density residential. Please review the attached materials relative to your agency's regulations and submit any comments no later than 5:00 PM August 20, 2025. Comments may be submitted via e-mail to [planning@ci.richland.wa.us](mailto:planning@ci.richland.wa.us) or mailed to: Richland Development Services Department, 625 Swift Boulevard, MS #35, Richland, WA 99352.

Thank you,

**Ryan Nelson**
